Several countries, including France and China, have strongly condemned Israel's plan to take full control of Gaza.

Meanwhile, in an interview with Agence France-Presse, Hamas political bureau member Basem Naim said that any negotiations for a ceasefire are "meaningless" in light of Israel's "starvation war" in the Gaza Strip.

Since October 7, 2023, Israel has killed 52,615 and injured 118,752 others, the majority of whom are women and children, according to the Palestinian Ministry of Health in Gaza.
