Israeli bombardment of Gaza City on Saturday killed at least 62 Palestinians, destroyed a residential tower and multiple shelters, and drew UN warnings of an imminent humanitarian catastrophe.

Meanwhile, Israeli forces have escalated raids and mass arrests across the occupied West Bank, detaining more than 1,500 in Tulkarm, injuring residents, and attacking refugee camps under a months-long blockade.

Since October 7, 2023, Israel has killed 64,871 and injured 164,610 others, the majority of whom are women and children, according to the Palestinian Ministry of Health in Gaza.

Sun, Sep 14, 6:31 PM (Palestine Time)

Contradicting Earlier Figure, Israel Reports 20,000 Wounded Soldiers

PALESTINE CHRONICLE: Israel's Defense Ministry says more than 20,000 soldiers have been wounded since October 2023, with over half developing PTSD or other mental health disorders.

The figure of 20,000, however, is not consistent with previous statements. The number of wounded soldiers directly contradicts the ministry's own admission in March 2025, when it revealed that the total number of wounded and disabled soldiers had already reached 78,000.
