Iran warned it would target Israel's Dimona reactor and US regional bases if the war expands, as Washington moves B-2 bombers to Guam and secret diplomacy collapses.

Meanwhile, in Gaza, the death toll rises and the hunger crisis in Gaza deepens amid a relentless Israeli aid blockade.

Since October 7, 2023, Israel has killed 55,959 and injured 131,242 others, the majority of whom are women and children, according to the Palestinian Ministry of Health in Gaza.

## **History is Watching: Will the World on Iran Legitimize Israel?**

PALESTINE CHRONICLE: "History has taught us that such projects of elimination fail when they are met with resistance and resilience—resistance supported by millions of people who still possess a modicum of decency. The Palestine they envision is one that serves as a model of a country free from oppression of any kind.

"Will our politicians in Britain ever be part of this group of people? Or will they find themselves on the wrong side of history, leaving us to wait for more decent human beings to help end this terrible chapter in our shared human story?"

## **Milk Ban Threatens Thousands of Children's Lives in Gaza**

AL-JAZEERA: Warnings from the Palestinian Ministry of Health are escalating parental anxiety in Gaza, where neither regular nor therapeutic milk is available in the Strip's hospitals. This dire situation is a direct result of the Israeli occupation preventing the entry of any milk shipments for nearly four months.

Al Jazeera Net has documented several cases of malnutrition at Al-Aqsa Martyrs Hospital in Deir Al-Balah and Nasser Medical Complex in Khan Yunis. Dr. Ahmed Al-Farra stated that milk formulated for different stages of infant development is now completely missing.

This poses a real and immediate danger that could claim the lives of thousands of children, unless specialized international organizations and bodies intervene to pressure Israel to open the crossings and allow milk to enter rapidly, within a matter of hours.
