Israeli occupation forces continued their campaign of bombing and controlled detonations across Gaza on Saturday, destroying residential buildings and killing at least three people.

The escalation comes amid ongoing violations of the ceasefire, with entire neighborhoods facing renewed demolition operations.

Since October 7, 2023, Israel has killed 70,112 and injured 171,015 others, the majority of whom are women and children, according to the Palestinian Ministry of Health in Gaza.
