The Gaza Health Ministry reported that hospitals received 21 dead, five clinically dead cases, and 30 individuals in critical condition following the Israeli massacre in the so-called aid area in Rafah. The ministry added that patients in operating rooms, intensive care units, and emergency departments are in urgent need of blood units, amid a severe shortage of donations.

Meanwhile, the Director of Ambulance Services in Gaza told Al-Jazeera that “Israeli forces are preventing ambulances from reaching the bombing site in Rafah to aid the injured.”

Since October 7, 2023, Israel has killed 54,381 and injured 124,054 others, the majority of whom are women and children, according to the Palestinian Ministry of Health in Gaza.
