At least nine Palestinians were killed and others injured in an Israeli airstrike on Al-Karama School in the Al-Tuffah neighborhood, east of Gaza City.

Meanwhile, the Al-Qassam Brigades reported that they inflicted casualties on an Israeli force by detonating a minefield east of Khan Yunis.

Since October 7, 2023, Israel has killed 52,615 and injured 118,752 others, the majority of whom are women and children, according to the Palestinian Ministry of Health in Gaza.

Wed, May 7, 5:38 AM (Palestine Time)

The Guardian: British Companies Exported Thousands of Military Equipment Items to Israel Despite Ban

BRITISH MEDIA (The Guardian, based on an analysis of trade data – cited in Al-Jazeera):

- British companies exported thousands of military equipment items to Israel despite the export ban.
- Fourteen shipments of military equipment were sent from Britain to Israel since October 2023.
- Thirteen shipments were transported to Israel by air and one by sea, which alone included 160,000 military components.
- 8,630 items categorized as bombs, mines, missiles, and ammunition have been exported to Israel since September 2024.
- Most of the shipments were sent to Israel after the suspension of arms export licenses.
- The findings of the trade data analysis prompted the former Shadow Chancellor of the Exchequer to call for a comprehensive investigation.
