Israeli airstrikes and artillery attacks continued across the Gaza Strip on Saturday, causing new casualties amid ongoing destruction and displacement.

At the same time, Israeli occupation forces expanded ground raids and arrests in the occupied West Bank, with reports of intensified military deployment.

Since October 7, 2023, Israel has killed 70,100 and injured 170,983 others, the majority of whom are women and children, according to the Palestinian Ministry of Health in Gaza.
