In Gaza, Israel bombed and destroyed buildings beyond the Yellow Line, expanding operations deeper into civilian areas.

Meanwhile, in south Lebanon, Israeli drones and missiles targeted vehicles and infrastructure as cross-border attacks intensified.

.Since October 7, 2023, Israel has killed 69,483 and injured 170,706 others, the majority of whom are women and children, according to the Palestinian Ministry of Health in Gaza.

A Mandate for Force: What the UNSC's Gaza Resolution Means in Practice

PALESTINE CHRONICLE: When the suffering in Gaza finally ends, whether that is because Israel obliterates all of its regional opposition and exterminates countless other civilians in its way, or Israel is militarily shattered, the UN should be disbanded as was the League of Nations. It is a failed project just as that which preceded it. Something new must take over from it.
